PROFESSIONAL SUMMARY

Full Stack Developer and Computer Science graduate with hands-on experience building scalable web applications using Node.js, Express, MongoDB, and React. Developed production-ready systems including a multilingual speech therapy platform with role-based dashboards and reporting. Proficient in both frontend (HTML, CSS, React, Bootstrap) and backend (Node.js, Express, REST APIs) development. Open to local and international opportunities.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), HTML5, CSS3
Frontend	React.js, Bootstrap 5, Responsive Design, DOM Manipulation
Backend	Node.js, Express.js, RESTful APIs, MVC Architecture, Session Handling
Databases	MongoDB, MySQL, Query Optimization
AI / ML	Machine learning model training & evaluation (Python, scikit-learn)
Tools	Git, GitHub, VS Code, Postman, npm

PROFESSIONAL EXPERIENCE

Full Stack Development Intern <i>DevelopersHub Corporation</i>	Dec 2024 – Feb 2025
- Built and maintained backend features using Node.js, Express.js, and MongoDB. - Designed and implemented RESTful APIs for seamless client-server communication. - Optimised MongoDB queries and indexing, improving application response times. - Collaborated via Git/GitHub with feature branching and peer code reviews.	

KEY PROJECTS

Speak Easy – Urdu Speech Therapy Platform

Developed a full-stack speech therapy platform with therapist and patient dashboards, lesson management, quiz evaluation, secure authentication, progress tracking, session handling, and PDF report generation. Built using Node.js, Express.js, MongoDB, EJS, Bootstrap, and JavaScript.

DuffleCraftCo – Business Website

Designed and developed a responsive business website for a leather goods manufacturer featuring product catalog management, inquiry workflows, SEO optimization, custom domain integration, and modern user experience.

Additional Development Projects

Built multiple full-stack web applications including authentication systems, REST API integrations, CRUD-based management systems, database-driven solutions, and responsive websites. Additional projects are available on GitHub and LinkedIn.
